## (Deemed To Be University)

CHRIST (Deemed to be University) was born out of the educational vision of St Kuriakose Elias Chavara, an educationalist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831 which administers CHRIST (Deemed to be University).

“CHRIST (Deemed to be University) was established as ‘Christ College’ in 1969. It undertook path-breaking initiatives in Indian higher education with the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education and adoption of global higher education practices with the support of creative and dedicated staff.”

The University Grants Commission (UGC) of India conferred Autonomy to Christ College in 2004 and identified it as an Institution with Potential for Excellence in 2006. In 2008, under Section 3 of the UGC Act, 1956, the Ministry of Human Resource Development of the Government of India declared the institution a Deemed to be University, in the name and style of Christ University. One of the first institutions in India to be accredited in 1998 by the National Assessment and Accreditation Council (NAAC), Government of India, and subsequently in 2004, 2016, and 2022, CHRIST (Deemed to be University) is currently accredited with an ‘A+’ Grade. The University is ranked among the top 100 universities in India at 60 in the NIRF India Ranking 2024 of the Ministry of Education, Government of India.

The multi-disciplinary University, which focuses on teaching, research and service, offers Bachelor, Master and Doctoral programmes in humanities, social sciences, sciences, commerce, management, engineering, architecture, education, and law to about 30000+ students. The University offers its programmes at four campus locations in Bangalore in Karnataka, at Lavasa in Pune in Maharashtra, and Ghaziabad in Delhi NCR.

The campus is a living example of harmonious multiculturalism with students from all the states and union territories and around 60 different countries. CHRIST (Deemed to be University) publishes six peer-reviewed research journals and has published more than 300 books in Kannada and English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence.

# ESPRIT

## *"34 Years Of Excellence"*

For more than three decades, ESPRIT has emerged as a luminous constellation in the firmament of academic excellence, radiating far beyond the conventional boundaries of a mere management fest. This is not simply an event-it is a profound narrative of intellectual awakening, a symphonic convergence of brilliant minds where innovation breathes and creativity dances.

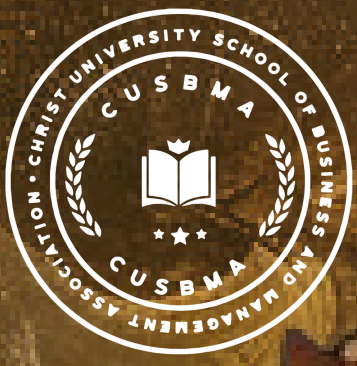

Like a masterful composition, ESPRIT orchestrates an extraordinary tableau where 300 exceptional talents and over 2,100 passionate souls intertwine, creating a mesmerizing tapestry of human potential. Each year, the fest transcends its physical manifestation, becoming a living, breathing entity that pulse with the rhythm of transformative ideas and unbridled imagination.

This year, we are poised to surpass all previous benchmarks, making ESPRIT bolder and more dynamic than ever before. Historically guided by ambitious concepts from 'Saamyavastha' and 'Yuvasamarthya' to last year's hidden depths, 'Vishwamakhya', this edition now unfurls under the profound guiding principle of 'Sententia Aeternum' - The Eternal Judgement.

ESPRIT invites participants to embark on a transformative odyssey. Traverse the boundaries of conventional thinking, dive into unexplored intellectual landscapes, and emerge fundamentally changed. The goal is not just to compete, but to forge Sententia Aeternum: the lasting, perfected wisdom required for modern leadership.

More than a fest, ESPRIT is a crucible of human potential-a sanctuary where dreams are not just conceived but meticulously crafted, where collaboration is an art form, and innovation is the very oxygen that sustains its existence. Each iteration of Esprit writes another chapter in an ongoing saga of intellectual and creative metamorphosis, leaving an indelible imprint on every soul fortunate enough to be part of its extraordinary narrative.

# SENTENTIA AETERNUM

*“Every Decision Leaves A Golden Trace”*

In a world racing ahead, what truly defines success? Is it what we accumulate, or what we awaken within? Sententia Aeternum stands as a reminder that greatness is not found in motion, but in meaning; not in the noise of ambition, but in the silence of clarity.

Inspired by the ancient art of Alchemy, Sententia Aeternum reimagines transformation as a managerial truth. At its heart lies the Law of Equivalent Exchange, the timeless principle that nothing of value is ever gained without intent, sacrifice, and purpose. Here, gold is not metal; it is mastery, the courage to turn constraint into creativity, chaos into clarity, and pressure into progress.

Sententia Aeternum celebrates the leader who doesn't seek to control the fire, but to become it. Every decision becomes a crucible, every challenge a test of conviction. Through struggle comes refinement; through awareness, evolution. Leadership, here, is not inherited, it is forged.

Because the truest gold is not what glitters.  
It is what survives the fire, and still chooses to shine.

So when the flames rise and the world demands more, will you chase what glows, or create what endures?

Will you seek gold... or become it?

# SUPREMUS MERITIUM BEST MANAGER

*“True leadership isn’t proven in ease - it’s forged in command.”*

In every era, there exists one arena that defines what greatness truly means.

At *ESPRIT*, that arena is *SUPREMUS* - the ultimate battleground where intellect, composure, and conviction converge to crown the finest of leaders.

*Supremus*, derived from Latin for “The Supreme One,” the pinnacle of managerial brilliance and dominance. This is not merely a competition; it is a command performance, a test of how power is wielded, how clarity is maintained under pressure, and how leadership transforms from skill into instinct.

In Best Manager, participants are stripped of predictability and thrust into the chaos of decision-making that demands precision, purpose, and poise. Each round is a storm of numbers, people, and perception - and only those who can anchor calm within that storm rise to the top.

*Supremus* isn’t about knowing all the answers; it’s about mastering the moment. This vertical unites every essence of management, *strategy*, *finance*, *marketing*, *human resources*, and *communication* into one seamless pursuit of excellence. It calls for leaders who can think on their feet, act with courage, and inspire with control.

# VERITATIS MERITIUM PUBLIC RELATIONS

*"In the realm of communication, truth is our gold, and integrity  
our craft."*

In a world shaped by perception, truth isn't found, it's created. Veritatis explores that creation, where communication becomes credibility and perception evolves into lasting impact.

Every idea begins as a spark: a raw fragment of thought that, through strategy, insight, and collaboration, is transmuted into brilliance. Much like the alchemist's touch, Public Relations turns the ordinary into the extraordinary shaping meaning, forging trust, and turning dialogue into direction.

Become the architects of understanding, where narratives are crafted with intent and stories build bridges between people and purpose. In a world where every word matters, stand at the crossroads of influence and authenticity, shaping how the world sees, hears, and believes.

Veritatis is not just an event; it is a celebration of the craft that turns dialogue into direction and connection into change. Here, every conversation carries weight, every perspective adds value, where participants refine not just messages, but themselves..

So, let this serve as a reminder: in Public Relations, don't wait for the story to unfold.

# SODALORIA MERITIUM GROUP TASK

*"In true alchemy, every element transforms when united by purpose.  
In true teamwork, every member turns effort into gold."*

Welcome to Sodaloria, a fellowship of minds bound by shared purpose, where camaraderie shapes strategy into action.

Inspired by the legend of King Midas, the challenge invites teams to discover their own Midas Touch, not through victory alone, but through harmony, precision, and purpose. True gold lies not in triumph, but in transformation, when collaboration transcends individuality and collective effort shines with the brilliance of shared vision, trust, and perseverance.

Alchemy demands unity, for transformation begins when every element yields itself to the flame that forges brilliance. Here, intellect, intuition, and intent must fuse under pressure, revealing mastery born from shared purpose and mutual respect. The alchemist's fire tests resilience, yet rewards only those who dare to blend reason with instinct, strategy with spirit.

Participants enter as distinct minds, diverse in skill and thought, yet must emerge as one. The challenge is not mere competition, but creation turning friction into momentum, ambition into achievement, and ideas into something enduring, radiant, and unmistakably golden.

But remember, not all who enter are destined to prevail, only the finest shall cross the threshold of this trial.
